Demata, the founder of the Phil. Island Kids Int'l. Foundation, Inc. The two people who became the heart of the foundation. Ms. Juvy Naguita also stated that both of the PIKIFI's Founders were happy to gather the parents of the PIKIFI's beneficiaries for the Community Organizing.</p> <p>Afterwards, Ms. Juvy C. Naguita, community development officer, started to have a brief discussion of the agenda. First, she said that the Island Kids Philippines helped a lot for our children because of the advocacy of Philippine Island Kids Int'l. Inc. is to provide the children's education, medical services, and included snacks and lunch, so the agency provides everything we can do as parents. We should support our children through collaboration with teachers and with the agency. Ms. Juvy asked the parents what is the difference between the Phil. Island Kids Int'l. Foundation, Inc. Before and Now. And one of the parents responded that, before there were few students or beneficiaries of PIKIFI while now the number of students/beneficiaries are increasing.</p> <p>She also asked the parents if they agreed to form an association for the parents so that they could avail themselves of the services provided by the Department of Labor and Employment (DOLE) because the mothers are being prepared because the foundation cannot help some children forever and then the parents agreed.</p>

	<p>Moreover, Ms. Juvy explains what is the process for giving a budget from Swiss volunteers and Swiss sponsors to the foundation. After that, Ms. Juvy C. Naguita introduced the Sacred Heart Village Elementary School Annex school principal, Ms. Ursula Janeth Abellanosa. She said that as parents for the children, we support their studies and monitor their children if there is an assignment so that they are excited to go to school.</p> <p>Before the session ends Alexis Mae Oco one of the CCE interns shows gratitude to the person's who supported and helped to make the 2nd community meeting successful especially to the founders Mr. Thomas Oliver Kellenberger and Mrs. Virgelia Demata and also to the PIKIFI's Community-Based Social Worker, Ms. Ivy C. Lopez, RSW and to Ms. Juvy Naguita, the PIKIFI's Community Development Officer. And most of all for the presence of the parents. For choosing to be with us even though they have a busy schedule. The emcee then asked the parents to have a photo documentation before they leave. The meeting was adjourned at 10:30 in the morning with a closing prayer led by Ms. Juvy C. Naguita, PIKIFI's community development officer.</p>
<p>Instructions/Things to do/ Other Agreement</p>	<p>For the next meeting with the cooperation of the Sacred heart village elementary Annex through calling the presence of the mothers the association. Parents should take responsibility for their children by being empowered within the landfill community. This means that the Department of Labor and Employment (DOLE) should not solely rely on parents but should recognize the organization being built to assist mothers in becoming empowered. We will invite a resource person from the City Social Welfare and Development (CSWD) during the upcoming General Meeting to discuss and explain to you our efforts to establish this organization as a barangay federation that can be integrated into the city system.</p>
